# FORD TRANSIT BOX TYPE AMBULANCE

At Ambulancemed, we take great pride in our commitment to transforming Ford brand cars into top-of-the-line ambulances, and our latest creation, the Ford Transit Box Type Ambulance, is no exception. Manufactured at our state-of-the-art facilities in Dubai and Ankara, this ambulance is designed to provide unparalleled medical care, ensuring optimal sanitary conditions and comfort for both patients and medical professionals.

The heart of the Ford Transit Box Type Ambulance lies in its patient compartment, meticulously crafted to offer the highest standards of medical care. We understand the critical nature of emergency medical services, which is why we have ensured ample space for comfortable patient treatment. Every inch of the patient compartment is thoughtfully designed, enabling efficient storage of medical supplies, making them readily accessible during emergencies.

Our ambulance. Medical devices, ambulance connection mounting elements is manufactured as being appropriate with EN 1789+A2 standard.

As a leading manufacturer of ambulances, we are dedicated to serving not only local communities but also extending our reach worldwide. Our ambulances are exported to various countries, ensuring that people around the globe have access to top-tier emergency medical services.

The Ford Transit Box Type Ambulance exemplifies Ambulancemed's unwavering commitment to excellence, safety, and innovation. With its unmatched patient care facilities, ergonomic design, efficient lighting and warning systems. Together, we strive to elevate emergency medical care and make a significant impact on countless lives across the globe. Choose Ambulancemed - your trusted partner in delivering exceptional emergency medical solutions.

## ■ *Efficient Illumination and Special Warning System*

The Ford Transit Box Type Ambulance is equipped with an energy-efficient lighting system, providing ample illumination for medical procedures without excessive power consumption. Our special warning system is meticulously designed to garner attention while being conscious of energy use. The combination of effective lighting and warning systems ensures a safe passage through traffic, allowing the ambulance to reach its destination swiftly.

Cutting-edge radio systems, your rescue team can stay connected and informed in real-time, regardless of the challenges posed by the emergency environment. Whether it's relaying crucial patient information, receiving instructions from medical professionals, or coordinating with other emergency services, our radio systems simplify the daily tasks of the rescue team, enhancing overall efficiency and response times.

- The Ford Transit Box Type Ambulance by Ambulancemed is not only a testament to our dedication to safety and comfort but also a platform to showcase the latest technological medical devices, transforming the landscape of emergency medical care.
